

## NOTICES OF EXEMPT RULEMAKING

The Administrative Procedure Act requires the *Register* publication of the rules adopted by the state's agencies under an exemption from all or part of the Administrative Procedure Act. Some of these rules are exempted by A.R.S. §§ 41-1005 or 41-1057; other rules are exempted by other statutes; rules of the Corporation Commission are exempt from Attorney General review pursuant to a court decision as determined by the Corporation Commission.

- 1. Sections Affected**  
R4-29-105
- Rulemaking Action**  
Amend
- 2. The statutory authority for the rulemaking, including both the authorizing statute (general) and the statutes the rules are implementing (specific):**  
Authorizing statute: A.R.S. § 32-2304(A)(E)  
Implementing statute: Laws 2009, 4th Special Session, Ch. 3, § 28
- 3. The effective date of the rules:**  
Retroactive to November 30, 2009  
  
Under SB 1003 (*Editor's note: Laws 2009, 4th Special Session, Ch. 3, § 28*), the effective date is retroactive to November 30, 2009 for this rulemaking to enable it to continue to perform its statutory responsibility to protect the public health and safety. During the FY2008 legislative session, the legislature swept \$554,900 from the Pest Management Fund. The sweep coupled with a decrease in funds collected resulting from the current economic down-turn in the housing industry means the Office closed FY2009 with only \$364,722 in its Fund. The Governor's Office of Strategic Planning and Budgeting estimates that the Office will be in deficit by January 2010 without a fee increase, and will close FY2010 with a deficit exceeding \$221,470.

Name: Ellis M. Jones, Acting Director

Fax: (602) 255-1281  
E-mail: ejones@sb.state.az.us
- 6. An explanation of the rule, including the agency's reasons for initiating the rule, including the statutory citation to the exemption from regular rulemaking procedures:**  
The Office is increasing certain fees that licensees pay to obtain or renew a license. It is also amending the fee that a licensee submits when filing a termite action report form (TARF). The increase in fees is necessitated by a fund sweep that the legislature put into the state's 2009 budget. At the beginning of FY2009, the Office had

Notices of Exempt Rulemaking

1,854,034 and anticipated collecting approximately \$1,372,968 from fees for a total of \$3,227,002. This would have been sufficient to cover the Office's appropriation of \$2,774,300. However, the legislature swept \$554,900 from the fund. The amount swept and the amount appropriated exceeds the amount available.

The economic condition of the Office has been aggravated by the current economic downturn in the housing industry. The Office has collected less this year than was predicted. As a result, the Governor's Office of Strategic Planning and Budgeting (OSPB) estimates that the Office will be in deficit by January 2010 and, without a fee increase, will end FY2010 with a deficit exceeding \$221,470.

The Office expects the fee increases to generate approximately \$442,141 annually. The office is capped at \$875,000 in fee increases. Ten percent of the fee increases goes to the state's general fund.

**7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

An extensive review, in conjunction with the Governor's Office of Strategic Planning and Budgeting, of the Office of Pest Management's cash flow revealed a severe pending deficit. This action is the result of OSPB's recommendation. See attached cash flow projections.

**8. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:**

This rulemaking increases certain fees that licensees pay to obtain or renew a license. It also amends the fee that a licensee submits when filing a termite action report form (TARF). The increase in fees is necessitated by a fund sweep that the legislature put into the state's 2009 budget and by a decrease in fees collected resulting from the current economic down-turn in the housing industry.

The Office of Pest Management has found that it is necessary to enact the fee increase as an exempt measure so the Office can continue to fulfill its statutory responsibility to protect the health and safety of the public. Without a fee increase, the Office will be in deficit by January 2010 and will end FY2010 more than \$221,470 in deficit.

The need for enactment of the fee increases does not result from the Office's delay or inaction. The Office has attempted to enact the fee increase through the regular rulemaking process. However, as the process was nearing completion, the Governor imposed a moratorium on all agency rulemaking that made it necessary to discontinue completing the process (See published rulemaking notices at 14 A.A.R. 4343, November 21, 2008, and 14 A.A.R. 4510, December 12, 2008).

**9. The summary of the economic, small business, and consumer impact (if applicable):**

The increased fees will have a direct economic impact on licensees. However, the increased fees will benefit licensees by enabling the Office to continue to fulfill its statutory responsibility to protect the public's health and safety. The increased fees are a cost of doing business that probably will be passed to consumers of pest management services. Because the Office contributes 10 percent of the fees collected to the state's general fund, the rulemaking will increase state revenue.

**10. A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):**

**11. A summary of the comments made regarding the rule and the agency response to them:**

**12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:**

R12-8-109, Fees and Permits set the fees for visitor use and commercial use at Arizona State Parks. Each year, the Arizona State Parks Board reviews its fee structure and approves adjustments for the ensuring calendar year. In its analysis, Arizona State Parks reviews fee structures of surrounding states; reviews operating and development costs of the State Park System; reviews the public demand for park services and subsequent impacts of visitor use on park resources. State Parks actively pursues public input into the fee structure through regional meetings throughout the state.
